

How to Collect Log (SEL) PQ2800E2

1. Login to PQ Web GUI

[http://\[ipaddress\]:8081](http://[ipaddress]:8081)

2. Click "System" → "System Event Log" → "Download"

The screenshot shows the Fujitsu PQ Web GUI for a PRIMEQUEST2800E server. The header displays the model, part number (MCXXXXXX), serial number, and status (Normal). The navigation menu on the left includes options like System Status, System Event Log, Operation Log, and System Information. The main content area shows the System Event Log table with columns for Severity, Date Time, Unit, Source, Event ID, Description, and Detail. The 'Download' button is highlighted with a red box.

| Severity | Date Time | Unit | Source | Event ID | Description | Detail |
|----------|---------------------|-------------|----------------|----------|-----------------------|--------|
